Section B: Assessment Information

Assessment Methodology

All assessment is external and is undertaken by IDTA Examiners. The IDTA offers two modes of assessment, both of which are carried out by IDTA Examiners:

Face to face examinations – these will be carried out at a suitable venue (e.g. dance school, community centre, church hall) organised by the dance teacher. An IDTA Examiner will be allocated to carry out the examination session in agreement with the teacher.

Live streamed examinations – where face to face examination session cannot be arranged, IDTA can offer the opportunity for an examination session to be scheduled via live stream. Teachers should be aware of the guidelines and requirements for live streamed examinations which can be found at [Exam Procedure Guide\[Members' Information\] \(idta.co.uk\)](https://www.idta.co.uk/exam-procedure-guide/members-information)

Live streamed examinations will only be offered where it is not possible to organise a face to face examination.

Expectations of Knowledge, Skills and Understanding

Candidates will complete a range of dance sequences in tap dance which allow them to demonstrate technique, musicality and performance skills to a set benchmark. These technical and performance skills set a foundation for further technical and artistic development by the candidate.

Achievement at **Level 3** reflects the ability to build upon a range of skills, knowledge and understanding in relation to an increasingly refined vocabulary of movement and artistic interpretation showing an increased confidence, assurance and sensitivity in application.

At this level, the candidate:

- Demonstrates a sound and established knowledge and understanding of the technique and music of a particular dance discipline/genre.
- Demonstrates an increased awareness of performance and an increased understanding of the relationship between performer and audience.
- Demonstrates a wide range of movements performed consistently and confidently with technical accuracy and control.
- Demonstrates an increased sensitivity to a range of musical content and style appropriate to the dance discipline/genre/genre.
- Demonstrates dynamics and fluidity of movement incorporating the use of space and a maturity and individuality in interpretation and expression.

Quality Assurance

All IDTA examinations are standardised according to the processes and procedures laid down by the IDTA.

Section C: Policies

Accessibility of IDTA qualifications

The qualifications will:

- be available to everyone who is capable of reaching the required standards
- be free from any barriers that restrict access and progression
- offer equal opportunities for all wishing to access the qualifications

There are no prerequisites for other qualifications to be completed, and no specified prior knowledge, skills or understanding required prior to taking an IDTA Graded or Vocational Graded qualification. It is expected, however, that for successful learning, the skills demanded in each grade are likely to be mastered before progressing to the next grade.

This is not a complete list of IDTA dance teacher members, only those who have stated they wish to appear on these mailing lists.

Candidates requiring an adjustment to the assessment of any qualification should refer to IDTA's policy for reasonable adjustments and special consideration which can be found at [Ofqual, CCEA, Qualifications Wales, RQF - International Dance Teachers' Association \(idta.co.uk\)](#). All reasonable adjustment requests should be submitted in advance of an examination and accompanied by relevant medical evidence.
